## Objective

As an ITI Web Development graduate with a focus on MEARN stack, I am a developer and skilled front-end developer with experience in creating dynamic and user-friendly websites and applications. I am proficient in ReactJS, Angular, and Intermediate in Nodejs, I am dedicated to continuing my professional development and expanding my knowledge of JavaScript development. I am seeking a challenging role as a JavaScript Developer where I can apply my expertise and collaborate with a team of like-minded individuals to create innovative solutions.

## Experience

- **Cyparta** as Front-end developer (React developer ) 12-2023/Current job
- **Aitsp** as Front-end developer 7-2023/12-2023
- **telecom Egypt (We)** as Customer service representative 4-2022/ 3-2023
- **Freelancer** as Front-end developer 7-2019/10-2020

## Education

- information technology institute(ITI)  
Full Stack MEARN from **3 - 2023: 8 - 2023**
- South valley university  
study Diploma human resources (H. Education)  
With grade very Good from **10 - 2020: 8 - 2022**
- Institutes of computer science and management technology in Sohag  
information system management  
With grade very Good from **10 - 2016: 8 - 2020**

## Technical Skills

- proficient in front-end development technologies such as HTML, CSS, Bootstrap, JavaScript, OOP & jQuery and react with experience building responsive and user-friendly web applications.
- Intermediate in back-end technologies including Node.js, Express.js, REST API, MongoDB & Mongoose, and authentication & security.
- Skilled in using TypeScript and Jasmine Unit Testing, with a strong focus on developing high-quality & scalable web applications and Interested in Next.js.
- Knowledgeable in Software development tools & Controle: Git, GitHub, Visual Studio Code, WebStorm, Postman.
- Aware of cloud architecture tools including Amazon AWS & MS Azure.

## Soft-Skills

- Skilled at learning new tools/technologies on my own and communicating them to my teammates effectively.
- Ability to identify issues & defects, troubleshoot their root causes and develop a proper solution while meeting tight deadlines.
- Able to work effectively in a team.

## \*Projects

- **Yescab Dashboard:** (Link: <https://yescab-dashboard-b63bs.ondigitalocean.app/>)

Developed a comprehensive fleet management dashboard for Yescab, facilitating CRUD operations for

drivers, employees, and clients.

Implemented real-time ride tracking and management features, enhancing operational efficiency for both

drivers and upper management.

Utilized Next.js 14, ShadCN UI, and GraphQL for a robust, scalable, and responsive web application.
